Making it easy to create a great experience

It's not enough just to provide satisfactory service – you need to create a great experience to keep reviews positive and customers coming through the door. When doing this, we know the details matter, and we can help you get them right.

Product ranges to meet different needs

Self-service with napkin dispensing systems

When customers dispense their own napkins, refilling, waste management and storage need to be effortless, easy and convenient.

Full-service with single-serve napkins and tableware

The quality feel of your table setting is one of many important things that creates a restaurant's ambiance.

Match your dish with the perfect colour

Did you know that colours can have an important impact not only on how guests perceive a restaurant, but also on how they experience the taste and aroma of a dish? Pairing your food with the right colour is a great opportunity to bring every course to life, ultimately improving the entire guest experience.

To help our customers create unique dining experiences, we teamed up with food stylist and chef Linda Lundgren, whose clients range from high-end restaurants to the international food industry and gastronomic magazines.

Use our colour wheel, based on our Tork LinStyle napkin range for inspiration on how to use colours to enhance flavours and fulfil the potential of every plate you create.

The natural choice

Tork Natural Napkins are developed with sustainability in mind. They are made from 100% recycled, unbleached and undyed material. Plus they are biodegradable, compostable, and FSC® and EU Ecolabel certified. Even the packaging is made from sustainable materials. Tork offers natural napkins for self-service restaurants and for full-service restaurants.
