

**MY
DRAP**

2018 Collection

MY DRAP is the detail making a difference.

Elegant, funny, spontaneous... but, above all, **sociable and attentive**. This is how we MY DRAP users are. We offer and share with our guests unforgettable experiences.

Moments to cherish.

We care about dressing the table and accompany our dishes with original and special accessories that reflect our personality. What is more, we are very practical. Therefore, **our placemats and napkins (100% cotton and linen)** are available as a precut roll and are washable. In this collection we have added a **new cotton fabric**, even **softer** and pleasant to the touch.

In addition to our standard range, **we have designed new collections for 2018**. While paying **attention to the tiniest detail** in terms of colour, pattern and texture.
